Georgia Legislators by Prison District

As of February 2025

This list was created to inform Atlanta Community Support Project (ACSP) correspondents which legislators represent them or the areas in which their loved ones are confined – i.e. districts in which Georgia Department of Corrections (GDC) facilities are located, including state transitional centers, county camps, and jails where GDC contracts labor. We hope this list enables those who wish to exercise their right to engage in the Georgia Legislative process. Its creation and dissemination further ACSP's mission of empowering those impacted by poverty and incarceration with the tools needed for self-advocacy and civic engagement. The list was compiled by cross-referencing district info and maps on the Georgia General Assembly's website (legis.ga.gov) with the addresses of GDC, BOP, and ICE facilities across our state. Notably, this list does *not* include all districts where there are jails, or where municipalities and corporations are actively conducting business with GDC.

NOTES ON THE LAYOUT: The Georgia General Assembly is made up of two chambers: the House of Representatives and the Senate. Everybody in Georgia is represented by two legislators, a Representative and a Senator. Facilities are listed on the top line, followed by the House and Senate Districts in which they're located. The next lines contain the legislator's official title, "Rep." or "Sen.," with party affiliations in parentheses, i.e. "(R)" for Republican, "(D)" for Democrat. Next is their mailing address at the State Capitol (note: these change each legislative session), email address, and city/town where they are based.
